DETAILED ACTION

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 5-8, 11-13, 15-18, 21-24, 26-29, 32-43 and 46 are rejected under 35 U.S.C. 102(b) as being anticipated by Hausam.

There is disclosed in Hausam a beverage making machine having a housing 12, a funnel 19 positioned relative to the housing, and a funnel blocking device for preventing disengagement of the funnel from the housing, the funnel blocking device comprising: a first engager 56 positioned on the housing, the engager including an extending portion; and a second engager 48 positioned on the funnel and designed to mate with the first engager.

Allowable Subject Matter

Claims 4, 9, 10, 14, 19, 20, 25, 30, 31, 44, 45 and 47-49 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
